

HTA 2019

OCTANeHTA.org

The High Tech Innovation Awards (HTA) seeks to celebrate and recognize those individuals and companies who make Orange County a center of technology and medical technology innovation. In its 26th year, The High Tech Innovation Awards has recognized and more than 95 innovative companies that are large and small, public and private.

At HTA 2019, sponsors will have access to the most innovative technology and medical technology companies in Orange County through interviews and the nomination process. As one of the counties most prestigious awards program, HTA's goal is to recognize the wide talent and innovation of Orange County throughout the OC Technology Ecosystem.

Location to be announced soon. HTA will take place in September, 2019.
